

ordinary builders
extraordinary change

NEW DATE! JULY 8

It all starts with a foundation.

With your help, the inaugural 24-Hour Build will not end until walls are raised, a roof is overhead, and windows and doors are in place.

Join the 24. Build with us on Saturday, ~~June 24~~ in the B Street area.

As one of 24 team leaders engaged in the 24-Hour Build, you will improve a family's future for generations to come. Construction experience is not required.

Align yourself and your organization with the media recognition and signage during construction and at the home dedication.

Building a new home in the B Street area has special significance for Fayetteville Area Habitat. We have been working in support of the residents for over two years to revitalize their sense of security and connection with Fayetteville's thriving lower downtown city center. Proceeds from Habitat 24 will be designated to the cost of materials and supplies to construct this new home.

Be a part of Habitat's mission to put God's love into action by building homes, communities, and hope.

opportunities for support

Team Leader \$1,000

Are you passionate about supporting Habitat and building affordable housing? This is your opportunity to engage your friends, family and colleagues in the exciting work that improves the lives of families in Fayetteville. Together, we have the ability to effect great change.

Getting started is easy!

Sign up and recruit up to 5 team members!

Lead a team and pledge \$1,000 to help build a new three-bedroom home in the B Street area in downtown Fayetteville.

We'll create your team's donation page!

Post your photo and tell your story. Thanks to volunteers like you, we are getting closer to our vision of a world where everyone has a safe, affordable place to call home.

Share!

Share your page with friends, family, and coworkers! Their support of your team is support for Habitat!
